Information Search Workshop

26th September 2024

delivered by the Kidsploration Library

Objectives

WHERE to find your resources?

HOW to **find** your resources

HOW to **access** your resources

- Efficiently
- Effectively
- Intuitively

Overview

- ❖ Where to look for information resources
 - ❖ How to search & access
 - ❖ Search techniques
 - ❖ Your Library Account

Introduction

Here at YCCECE College Library, we have a subscription to EBSCO Discovery Service (EDS). EBSCO is an information service provider of research databases, ebooks, ejournals and other digital content.

EDS is a content discovery service: a one stop shop to access the Library's entire collection (databases, e-books, magazines, videos and digital content) via a single search index.

Booleans Search

- Relationships between terms
- Very broad / Very narrow searches
- **AND**: search result contains ALL of the terms. For example, travel and Europe finds articles that contain both travel and Europe.
- **Or**: search result contains at least one of the terms. For example, college or university finds results that contain either college or university.
- **Not**: excludes terms; search result does not contain any of the terms that follow it. For example, television not cable finds results that contain television but not cable.

And	Or	Not
Each result contains all search terms.	Each result contains at least one search term.	Results do not contain the specified terms.
The search <i>heart</i> and <i>lung</i> <u>finds</u> items that contain both <i>heart</i> and <i>lung</i> .	The search <i>heart</i> or <i>lung</i> finds items that contain either <i>heart</i> or items that contain <i>lung</i> .	The search <i>heart</i> not <i>lung</i> finds items that contain <i>heart</i> but do not contain <i>lung</i> .
